CONTENTS OF VOLUME 90

BALL, J. M., & V. J. MIZEL, One-dimensional Variational Problems whose Minimizers do not Satisfy the Euler-Lagrange Equation 325

BRANCHER, J. P., & O. SERO-GUILLAUME, Étude de la Déformation d'un Liquide Magnétique 57

CAPRIZ, G., Continua with Latent Microstructure 43

CHELLA, R., & J. M. OTTINO, Stretching in Some Classes of Fluid Motions and Asymptotic Mixing Efficiencies as a Measure of Flow Classification 15

COLEMAN, B. D., & M. L. HODGDON, On Shear Bands in Ductile Materials 219

DAY, W. A., Positive Temperatures and a Positive Kernel in Coupled Thermoelasticity 313

GREEN, A. E., & P. M. NAGHDI, Corrigenda to "A Direct Theory of Viscous Fluid Flow in Channels" 389

HODGDON, M. L., see COLEMAN, B. D. 219

HOLMES, P., & R. F. WILLIAMS, Knotted Periodic Orbits in Suspensions of Smale's Horseshoe: Torus Knots and Bifurcation Sequences 115

KNOWLES, J. K., Remarks on a Question of Ericksen concerning Elastostatic Fields of Saint-Venant Type 249

MACCAMY, R. C., & E. STEPHAN, A Skin Effect Approximation for Eddy Current Problems 87

MAN, C.-S., Dynamic Admissible States, Negative Absolute Temperature, and the Entropy Maximum Principle 263

MARRIS, A. W., On Motions with Constant Speed and Streamline Parameters i

MARRIS, A. W., Isochoric Circulation-Preserving Motions with Stream-Lines of a Potential Motion 213

MIZEL, V. J., see BALL, J. M. 325

NAGHDI, P. M., see GREEN, A. E. 389

OTTINO, J. M., see CHELLA, R. 15

SERO-GUILLAUME, O. see BRANCHER, J. P. 57

ŠILHAVÝ, M., The Existence of the Flux Vector and the Divergence Theorem for General Cauchy Fluxes 195

STEPHAN, E., see MACCAMY, R. C. 87

UCHIYAMA, K., Asymptotic Behavior of Solutions of Reaction-Diffusion Equations with Varying Drift Coefficients 291

WILLIAMS, R. F., see HOLMES, P. 115

WYLER, O., Algebraic Theories for Continuous Semilattices 99
